<div>↓ ↓ ↓ ↓ ↓ ↓ ↓ ↓ ↓ ↓ ↓</div> <div>Chronology/Timeline</div>										
<p>Prior Learning: In reception, children have covered a range of topics with plenty of opportunities to make connections between people and places in their local community, from friends to childminders and from shopkeepers to fire fighters. Children will have discussed ideas on how we can help others and the environment.</p>										
<p>Key Historical Information</p> <p>Children understand that individuals from the past who lived beyond our living memory have shaped the world we now live in. Children understand the concept of the past being different to now and that life for these significant individuals would have been very different our lives now. Children understand that life for different people who lived in the past could also be different from each other.</p>								<p>General Terms and Cross Curricular Vocabulary</p>		
Who is Greta?		She is a 17-year-old who grew up in Stockholm, in Sweden. Greta's mother, Malena Ernman, is an opera singer and former Eurovision Song Contest participant. Her father Svante Thunberg, is an actor, and is a descendant of Svante Arrhenius, a scientist who came up with a model of the greenhouse effect.						Climate change is global warming plus large-scale shifts in weather patterns caused by rising temperatures		
When did she start?		In May 2018, aged 15, Greta won a climate change essay competition in a local newspaper. Three months later, in August, she started protesting in front of the Swedish parliament building, vowing to continue until the Swedish government met the carbon emissions target agreed by world leaders in Paris, in 2015.						The 2019 UN Climate Action Summit was held at the headquarters of the United Nations in New York City on 23 September 2019		
Skolstrejk för klimatet:		"School Strike for Climate."						A carbon footprint is the total greenhouse gas (GHG) emissions caused by an individual, event, organization, service, or product		
What she campaigns for		<div><div>1. Keep the global temperature rise below 1.5 °C compared to pre-industrial levels.</div><div>2. Ensure climate justice and equity.</div><div>3. Listen to the best united science currently available.</div></div>						The school strike for climate known as Fridays for Future (FFF) is an international movement of school students who skip Fridays classes to participate in demonstrations to demand action from political leaders to take action to prevent climate change and for the fossil fuel industry to transition to renewable energy.		
<p>Key Historical Concepts - Top 3 Facts</p> <div><div>1.Greta Thunberg is an environmental activist.</div><div>2.At the age of 11, Greta became so sad about climate change that she temporarily stopped speaking!</div><div>3. In August 2018, Greta decided to take action. Instead of going to school, she made a large sign that read 'SCHOOL STRIKE FOR CLIMATE', and calmly sat down outside the Swedish parliament.</div></div>								<p>Cross Curricular Links</p> <div><div>Science - Seasonal changes</div><div>PSHE - Living in the wider world</div></div>
